

C. TERRORIST FINANCING AND FINANCING OF PROLIFERATION

5. Terrorist financing offence *

Countries should criminalise terrorist financing on the basis of the Terrorist Financing Convention, and should criminalise not only the financing of terrorist acts but also the financing of terrorist organisations and individual terrorists even in the absence of a link to a specific terrorist act or acts. Countries should ensure that such offences are designated as money laundering predicate offences.

6. Targeted financial sanctions related to terrorism and terrorist financing *

Countries should implement targeted financial sanctions regimes to comply with United Nations Security Council resolutions relating to the prevention and suppression of terrorism and terrorist financing. The resolutions require countries to freeze without delay the funds or other assets of, and to ensure that no funds or other assets are made available, directly or indirectly, to or for the benefit of, any person or entity either (i) designated by, or under the authority of, the United Nations Security Council under Chapter VII of the Charter of the United Nations, including in accordance with resolution 1267 (1999) and its successor resolutions; or (ii) designated by that country pursuant to resolution 1373 (2001).

7. Targeted financial sanctions related to proliferation *

Countries should implement targeted financial sanctions to comply with United Nations Security Council resolutions relating to the prevention, suppression and disruption of proliferation of weapons of mass destruction and its financing. These resolutions require countries to freeze without delay the funds or other assets of, and to ensure that no funds and other assets are made available, directly or indirectly, to or for the benefit of, any person or entity designated by, or under the authority of, the United Nations Security Council under Chapter VII of the Charter of the United Nations.

8. Non-profit organisations *

Countries should review the adequacy of laws and regulations that relate to entities that can be abused for the financing of terrorism. Non-profit organisations are particularly vulnerable, and countries should ensure that they cannot be misused:

- (a) by terrorist organisations posing as legitimate entities;
- (b) to exploit legitimate entities as conduits for terrorist financing, including for the purpose of escaping asset-freezing measures; and
- (c) to conceal or obscure the clandestine diversion of funds intended for legitimate purposes to terrorist organisations.
